We do not host any torrent files on  
our server, you can only download  
torrent files from torrents p2p,  
torrents p2p is a search engine and

---

doesn't host any files. The purpose of torrents p2p is to index and make available for free public torrents files that are legally uploaded to sharing sites like ours by content creators. It is a search engine and doesn't store any files on its server or function as a trackers. All torrents p2p indexes and makes available for free the torrents files that are publicly available on sharing sites such as ours, because in a world of

---

increasing lawsuits and DMCA take downs it is considered public and not private information. The torrents p2p Search engine indexes and randomly selects content from other sites in order to be able to offer a wider variety of content than would otherwise be possible. We believe it is important to promote and aid free speech and encourage others to share content across the web and social networks. The torrents p2p team

---

does not encourage or condone  
copyright infringement.
